Special Town Meeting

AUGUST 13-ORR FUNDS VOTED
by VIRGINIA MORGAN

Additional budget funds were voted for the Old Rochester Regional School District at a special town meeting in Mattapoisett on Monday, August 13th. The vote was by secret ballot and passed 128 to 97.

A single article on the warrant brought out a teller count of 228 voters on a hot, muggy night to give the district Mattapoisett's share of $39,394.60

The Town of Rochester also voted the same evening by secret ballot, but the article was defeated 54 to 40 for the $42,154 requested as its share. The Town of Marion previously voted its share; now, with Mattapoisett voting in the affirmative, Rochester, as the third town in the district, must pay its share.

Both Mattapoisett and Rochester defeated the override questions at the time Marion approved its share following the annual town meetings in the district towns. The total amount needed is $109,000 said School Superintendent Joan Walsh. She said the regional school district was cut four percent in state funds. "I've been here for 12

years and I would like to see the kids who started in kindergarten when I started here to have everything at the high school level too."

School Committee member Dr. M.C.Rosenfield explained the need for the additional funds, saying "The school budget of $5.8 million was increased only 6.5 percent over last year. We think this is a reasonable, no-frills budget - a good budget to maintain education."

A voter, Kate Brown, asked Dr. Rosenfield if schools do not receive the funds, what is the next step - where will cuts be made? Dr. Rosenfield said "we have not designated any items to be cut unless ordered to do so. Academics is our highest priority. If we had to cut, we would cut peripheral costs. We really don't know at this time." (After the meeting Dr. Rosenfield said he was pleased with the outcome of the vote. "Now we can get down to the business of education.")

James F. Huntoon, former selectman and moderator, urged voters to defeat the school committee's request on "principle". "When does the voters' vote prevail?" he asked. "There are other override items equally as important, such as the sewer connection with Fairhaven, which we defeated at the election. My concern is the $39,000 vote, something affecting the three towns, Marion passed by a small vote; our vote will affect Rochester; Mattapoisett has always been magnaminous with education funds, but the money just is not there.

"When does the view of the townspeople prevail", Huntoon asked again. "The school is falling apart physically. This has created factions in town on the physical condition of the school. I say spend the money to repair the building and turn down funds for

any other reason but to repair the school bullding."

John Hall said that in 1984 James Pasquill resigned as ORR's assistant superintendent. The number of students didn't warrant an assistant superintendent. Since then, the enrollment has increased by only a small amount. Schools have not increased that much since 1984. The $50,000 for the assistant superintendent plus costs is not needed now. Mr. Hall asked for the secret ballot.

The new system for secret ballot had a teller at each doorway holding a box where voters could drop one-half of a card casting a vote either yes or no. The vote required only a simple majority. Town Clerk Lois Ennis was prepared with the secret ballots. "We always bring them to a town meeting. You never know", she commented.

The motion passed to appropriate $39,394.0 for the purpose of paying the town's reapportioned and recertified share of the fiscal 1991 budget of the Old Rochester Regional School District (voted July 17, 1990), the money to be raised by taxation in an amount that does not exceed the town's maximum levy limit for the fiscal 1991 year under the provisions of Proposition 2½, so-called, and the balance, if any, to be provided by transfer from available Chapter 70 funds.

Deputy Harbormaster Chosen

MATTAPOISETT SELECTMEN'S MEETING
AUGUST 14, 1990-by VIRGINIA MORGAN

From a list of five applicants, Selectmen last Tuesday voted unanimously to hire Robert J. Ketchel of 18 Marion Road as Deputy Assistant Harbormaster/Wharf Commissioner. He will be paid $5.58 per hour for 10 to 15 hours per week for a total salary not to exceed $1,200 per year. His duties will mostly be for the weekends, said Harbormaster/Wharf Commissioner Steven Mach and will be involved in tending the floats and checking sailboarders and jet skiers to be sure they are observing the safety rules, and other duties that Mr. Mach might see are necessary.

Mr. Ketchel, a resident of Mattapoisett since 1973, is a retired Coast Guard Officer, having served for 34 years. A graduate of the U.S. Coast Guard Academy, he was primarily a surface operations officer with experience in ships and small boats, both as an operator and as administrator.

Mr. Ketchel owns a 24 foot sailboat which is moored in Mattapoisett Harbor. He said he is generally on Mattapoisett waters and Buzzards Bay and has knowledge of the ocean waters in this area. He also enjoys shellfishing. He said he is familiar with the wharf and harbor rules and regulations.

All Selectmen agreed the candidates were of exceptional quality and talents. Considering that the job pays only $5.58 per hour none were seeking the job for the pay.

All five expressed an interest in helping the town, especially the harbor, as all are boat owners. All are either retired or soon to be retired and felt they wanted to give some time to benefit the town.

Selectman Bernard F. Talty commented they all have exceptional talents that could be utilized in some way and recommended their names be given to Michael Dahill, chairman of the Harbor Committee.

On the subject of jet skiers in the inner harbor, Selectman Daniel O. Mahoney commented on the unruly behavior of jet skiers close to the beach and mooring areas. He said his daughter who was swimming almost got hit by a jet skier who took off from Reservation Road and went by Goodspeed Island and Gibbons Beach too close to the land. "Someone is going to get hit when they jet ski too close to the beach", said Mr. Mahoney. He suggested setting limits where they can start from.

Harbormaster Mach said jet skiers should not be traveling in the mooring areas and definitely don't belong near the beaches. "This is something we certainly will have to follow up on." Bids for the new harbormaster's boat, motor and trailer will be opened August 20th and there should be better coverage of these problem areas, the harbormaster noted.

ors that it has requested from the state Department of Revenue, Division of Local Services, authorization to issue estimated tax bills. Chairman John D. Gibbons stated in his letter, "This is being done as a precautionary measure and must be done, according to law, by August 15."

Selectman Talty noted that with only two people in the Assessors' office sending out estimated bills and a final bill later, a lot of extra work would be created for them. "If we can complete our work by October 9, the Assessors will have time to get out the regular tax bills with no estimated tax bills necessary."

The reasons for the delay, as stated by the Assessors, are: 1. The delay is caused by problems yet to be addressed by town meeting. 2. The Town Accountant hopes to have his books closed and forms filed by the end of September. 3. The Board of Assessors is still dealing with information related to the current up-date for fiscal 1991.

The cease and desist order was placed because work was being done without building, plumbing, electrical and gas permits. The owners were informed of the permit process but continued to have construction proceed. The inspector noted there are penalties for these violations and these will be enforced by August 22 if the work done is not removed and other work stopped. The cease and desist order was placed August 8 on the property by the inspector in the company of a police officer as recommended by counsel.

On another matter concerning the building inspector, a letter was sent to Mrs. Louis St. Aubin, 36 Main Street advising her that a Bed and Breakfast sign which is now displayed in the front of her property is in violation of the town's zoning by-laws. This by-law states that renting of rooms and furnishing of board for not more than four persons, in a dwelling regularly occupied for residential purposes, is allowed provided no signs are displayed. Mrs. St. Aubin has the right to apply for a Board of Appeals hearing if she wishes to pursue the matter regarding the posting of a business sign in the village residence area.

GUEST AT SELECTMEN'S MEETING

Selectman Daniel O. Mahoney was accompanied to the Selectmen's meeting last Tuesday by a college friend who is visiting from the village of Adamant in Vermont. Mr. Mahoney attended college with Mr. Weedon and Mrs. Mahoney attended college with Mrs. Weedon. Recently retired, Mr. Weedon is now taking the time to seek public office.

He is running for the office of Selectman in the Township of Calais, Vermont, which includes the Village of Adamant and several other small rural villages. When asked about the small Township and Villages, Mr. Weedon said, "The population may be less and our budget may be less, but our problems are the same as yours and just as complicated."

After observing the Mattapoisett Board of Selectmen in "action" during the interviewing of five candidates for the job of deputy assistant harbormaster/wharf commissioner, Mr. Weedon said he never heard of so many skilled, qualified people applying for a part time job at a small salary. "A most interesting experience", he commented.

SPECIAL NEWS FOR SENIOR CITIZENS FROM SOCIAL SECURITY OFFICE

REVISING YOUR EARNINGS ESTIMATE

When you work, you should save records of your earnings, such as pay stubs. At this time of year it's a good idea to check to see if your earnings are different from what you had estimated at the beginning of the year. You can call the Social Security office and revise your estimate for 1990. This will help keep the amount of your Social Security benefits correct.

THE DEATH OF A BENEFICIARY

An early report of the death of a beneficiary will help avoid overpayments. Family members may be eligible for Social Security survivors benefits when a retired worker dies.

When a person who receives Social Security benefits dies, no check is payable for the month of death. That means if the person died in July, for example, the check dated August 3 (which is payment for July) should be returned.

If the person's benefits were being deposited directly into a financial institution, the financial institution should be notified of death as soon as possible.

INTO FAMILY EYE CARE

My child needs glasses - should price be a factor?

Well yes and no. Of course you want to get what you can afford but you don't want to go overboard on a child's pair of glasses. When buying your child's glasses consider his or her preferences but just as important consider what he or she needs. Be careful of too many add-ons that are often offered to a patient that are not really necessary. These tend to bring the cost of glasses way up.

O.R.R. Girls Track

Two Old Rochester Regional Track Team members received special awards at the annual Track Team Banquet. Carly McFee and Kelley Apshaga received the Most Improved Awards for the tremendous work and improvement they made from their Freshman year to their Sophomore year.

Both of these fine young ladies are very good students and have become highly competitive and talented athletes in Track and Field. These athletes made tremendous strides and became scoring Tracksters in their events.

Carly McFee has been involved in the Hurdles for two years. She runs the 100 Meter Hurdles and the 300 Meter Hurdles. Carly has also become involved in the throwing events this season. During this past season, Carly's times became extremely competitive and she saw herself scoring over and over.

Kelley Apshaga discovered her talents in the distance races. Kelley had a dramatic improvement in her Mile times and became a scorer in that event. She has also ex-

Both of these young ladies gave so much of themselves at practices and meets. They were willing to go the extra distance in order to improve and develop their talents. We are very proud of them as people and as athletes.

Sixty-eight years ago on September 25, 1922, "Down to the Sea in Ships" had its premiere at New Bedford's Olympia Theatre, and critics from around the country agreed that it was one of the most remarkable "photoplays" ever produced. "The Evening Journal" of New York wrote, "The finest film of the sea that this writer has ever seen ... inescapably powerful ... a far more vivid conception of the life of a sailor than even the genius of Dana, Melville, Conrad or any other writer of the sea has been able to create."

The "Moving Picture World" wrote, "When the ten best productions of the current season are finally sorted out this Elmer Clifton offering should not be overlooked, for it is one of the most marvelously amazing attractions ever offered to owners of the motion picture theatres...An entire city (meaning New Bedford) cooperated in the making of the picture...And New Bedford can well be proud for having given this cooperation, for this picture is a cinematographic triumph of the most superlative

order."

"Down to the Sea in Ships" is not only an authentic film about an 1850s whaling voyage, but as they called it in 1922, "a pretty love romance". The movie was filmed by Hodkinson Pictures and funded by the Whaling Film Corporation, a group of leading New Bedford businessmen who believed a film should be made about the whaling industry. In 1922 the filming began under the direction of Elmer Clifton based on John L.E. Pell's romantic adventure story of a whaling voyage. The filming was done by Alexander G. Penrod with a new invention at the time - a gyroscopic camera - which captured every hair-raising moment of the whale hunt. The filming crew used 150 reels of film (150,000 feet), which was edited down to a final 8 reels.

Lee Erwin, the organist, will play the original silent film score which is a very elaborate and complicated piece. He has been performing silent film scores in movie palaces since he was twelve. As live music in theatres waned, he became chief organist for the famous "Moon River" radio program at WLW (Cincinnati). After ten years with the program he left to perform on his own, and today he is back to his original career of reuniting the sounds of live organ with silent films.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford. The theatre is wheelchair accessible.

ing disorders. Entitled "Last of the Class", it will feature the Director of the Learning Disorders clinic and Director of Psychology James C. Reed, Ph.D., and Leo R. Sullivan, M.D., a specialist in child neurology on St. Luke's Medical Staff. Learning disorders often manifest themselves when children have problems in school, such as difficulty concentrating, remembering lessons, or problems with reading. The lecture will address how many of these problems can be diagnosed and overcome. "Last of the Class - Learning Disorders" will be held on Tuesday, October 23rd.

The last topic in the community information series is called "A Meager Menu" which will examine eating disorders such as anorexia and bulimia. Dr. Hooberman and Mary Carter, LICSW, Outpatient Psychiatric Services, will explore what is behind eating disorders that compel individuals to starve or to "binge and purge". Information on when and where to get help will be offered. "A Meager Menu - Eating Disorders" will be held on Tuesday, November 13th.

All three programs will be held on Tuesday evenings at 7:00 p.m. in the White House Living Room of St. Luke's Hospital of New Bedford, 101 Page Street. All sessions are free and anyone interested in learning more about these issues is welcome to attend. For more information or for a free brochure about the Fall series call 997-1515.

Proud owner Dick Ellis at the wheel of this convertible sports car of 1912. This leather interiored, brass accented vehicle would turn any eye in any locale. The cream colored exterior belies the quote by Henry Ford that "you can have any color as long as it's black".

Mr. Ellis says that the catalogs of the year feature a number of colors for the Model T. This is one of 15 million which were put on the road between the years

BRIDGE GAMES

Meet Susan Miguel. At 23 she is an entrepreneur, owner of Information Management Services, and a bridge player to be reckoned with. The business is her livelihood; bridge is her passion.

"It started in high school when my best friend's mother worked at a Bridge Night and she'd draft people to fill in", she begins. Susan's father had taught her the basics and she occasionally sat in at a "kid's table". "It's like at Thanksgiving. you always sit at the kid's table until you're 50", she laughed. But that wasn't to be the case. "We got into duplicate bridge and that's the addictive part", Susan admits.

"We used to play once every couple of months, until we got into duplicate", she explains, describing the type of game where every table has the same hand the challenge becomes to better the opponents score by the way in which you play your cards. "There is a certain aspect of luck, if you get the kind of cards that you're good at", Susan continues, "but it's mostly defending points."

In her first year of competition, Susan missed a rookie award by one half of a point. Frustrated because she hadn't been aware of the award, she and a part-

ner entered the rookie division of North Americans Pairs. They won an all-expense paid trip to California to play in the finals where they came in fourth, one half of a point behind third place winners.

"One half point. That's been the story so often", she laments.

In their second year of competition in the Master's category known as the "Mini McKinney", the team won again.

Now, Susan and two or three partners hold 13 trophies, including a first place overall.

So, to pay the bills, Susan Miguel works at technical writing, public relations and government computer security and, in her spare time, she plays, competes, teaches, eats and sleeps bridge.

She has recently returned from the North American Bridge Championships, held this time in Boston, where she and a partner "won one trophy, a fifth overall and a couple of section tops and a first overall". At the same time Susan was doing double duty by taking classes to become certified as a tournament director. "It was a working vacaiton. I was busy", she notes.

Almost a year ago Susan, who is from Tiverton, Rhode Island, came in the local scene when she began offering bridge classes and workshops at the New Bedford YWCA. Amidst the summer heat, several "die-hard duplicate addicts" and others attend classes and work sessions.

"One lady re-arranged her job for the summer to have Friday afternoons off to play duplicate", Susan laughs. She is among a growing group of men and women who spend afternoons and evenings year-round honing their bridge skills at the YWCA.

"In the fall I'll probably offer beginners and Diamonds (a series in the lessons that focuses on the play of the hand)", Susan says. She would also like to get "a novice duplicate and game off the ground".

Classes are scheduled to begin in mid-September. To register or for more information players are asked to call the YWCA at 999-3255.

"Why do people play bridge?" Susan concludes. "It's strategy, relaxation and concentration."

DEP Workshops

FOR SMALL WATER SYSTEMS

The Department of Environmental Protection (DEP) and the Northeast Rural Water Association (NRWAY) will be sponsoring special training courses geared for small public water systems.

Several topics will be covered in four separate sessions: The Safe Drinking Water Act amendments of 1986, drinking water quality, system management, leak detection, maintenance, and water treatment.

"The federal and state governments are imposing many new requirements on all public water systems", said David Terry, Director of DEP's Division of Water Supply. "DEP has made a special commitment to assist small system operators who may not have all of the resources needed to implement these changes."

A "small" water system is any public supply which serves less than 3,300 people. Due to the numerous new rules and requirements of the Federal Safe Drinking Water Act, DEP is offering these systems, through its Technical Assistance and outreach programs and with the help of organizations such as NRWA, guidance to help implement these changes.

eye talk

Q. My 8-year-old grandson is in a remedial reading class. He omits words and confuses similar words when reading. He scored 20/20 in the school eye test but could he still possibly have a vision problem?

A. Your grandson may have a learning-related vision problem. These typically cannot be detected during a school vision screening.

Have his vision examined by an optometrist experienced in treating learning-related vision problems. Bring along a list of symptoms you, the parents and teachers have noticed. This will help with the diagnosis.

If a learning-related vision problem exists, treatment may involve glasses alone or vision therapy or a combination of the two. Vision therapy programs use specially prescribed visual tasks to help the eyes learn or relearn needed vision skills.

Overcoming a learning-related vision problem will not automatically end your grandson's reading problem but it will help him to respond more effectively to the remedial reading program.

"We are pleased once again to play a public service role in this year's important state election by bringing this key debate to cable viewers throughout the state," said Carol Ditata of Continental Cablevision of Marion.

Continental, in conjunction with WGBX/ Channel 44 and WBZ radio, provided live, gavel-to-gavel television coverage of the Massachusetts Democratic nominating convention in Springfield June 1 and 2.

Continental is also sponsoring a televised debate for September 6 between the Republican candidates for Lieutenant Governor.

The debate format, agreed to by all three Democratic candidates, includes two-minute opening statements by each candidate; 36 minutes of questions and follow-up questions by a panel of reporters; 12 minutes of questions by the candidates themselves and one-minute closing statements.

The debate's sponsor, Continental Cablevision, is a Boston-based company that provides cable service to more than 2.5 million homes nationwide, including 478,000 homes in 99 Massachusetts communities.

Circus Smirkus has since grown into an acclaimed performance school and program.

The Children's Museum is pleased to present the Circus and the Soviet student performers in four feature presentations over September 2 and 3. Sunday, September 2nd, performances will be held at 4 p.m. and again at 7 p.m. On Monday, September 3rd, Labor Day, performances will be held at 11 a.m. and again at 2 p.m. The joint performance of both groups will include tightrope walking, juggling, hand balanc-

The tournament is open to men and women and limited to the first 120 players. Play will be at 80% handicap. The entrance fee of $125. includes greens fees, luncheon, and golf carts. Prizes to be awarded include Titleist golf equipment, passes to area golf courses, gift certificates for the Kittansett Pro Shop, cash, and other items.

Entry forms may be obtained by calling the hospital's Development Office at 295-0880, extension 264, or in the main lobby of the hospital, and at area golf courses.

Thanks to area businesses and individual sponsors, each year the benefit golf tournament has been increasingly successful. Last year's tournament raised $20,000 towards the project to build the hospital's new emergency/radiology wing. Proceeds from this year's event will help furnish the new wing.

THE SWISS ARMY KNIFE OF SUNGLASSES.

Engineered to win the war against rays without losing their grip ...

What good are high performance sunglasses if they keep falling off your face? That's why these new sunglasses are made so differently. Their exclusive precision-fit torsion system provides a subtle grasp which holds them in place even in the most rigorous of activities. Whether you're jogging, sailing, riding bicycles, climbing mountains, playing tennis, racing cars or just sunbathing. They're engineered to stay put.

SWISS ARMY BRAND

Their optical quality polycarbonate lenses are lightweight, distortion-free and impact resistant. They're completely equipped to block 100% of the harmful Ultra Violet rays, as well as offer superior contrast while reducing glare. Their featherweight frames make them feel like they are barely there. Classics in both function and design.

These versatile sunglasses owe their heritage to The Original Swiss Army Knife ... made with the same integrity and Swiss craftsmanship.
